24/02/17

Dear Parents/Carers,

As promised photos from our Art day with Becky. The art days are multi sensory and there is always something for everyone to appreciate. We started the day sitting on grass (astro turf) and listened to birds singing, watched images on the plasma screen of trees, leaves and woods. There were mini logs to stack and explore and baskets of animals to play with. The class used candles to make magic pictures with then covered the wax marks with inks. They made habitats for animals using clay, leaves, moss and twigs. The pupils had the opportunity to draw with charcoal too, very messy but fun. Everyone was involved in this imaginative experience and have created lovely art work.

We bid a fond farewell to Christine Hawkins who has been a valuable team member for Toucans Class this year. Christine is retiring today after 28 years of being a Teaching Assistant at Larkrise School. We shall miss her alot and wish here all the best for the future and hope she has many adventures along the way. In the 28 years that Christine has walked from home to school and back she has clocked up 12 thousand miles!
