9th November 2018

What a lovely first week back.

So many smiley faces arriving back in class....lovely

On Monday afternoon we split and some of the class were in the sensory room doing intensive interaction which works so well for our young people to help them learn social interaction skills. Others were in class having a vry messy but fun time doing apple bobbing and eating the sweet from the flour pile to practise story telling. ( I have moved news to Tuesday pm now as it takes quite a lot of time for me on Mondays to prepare the photos and symbols for news when I hear from you all about the weekend excitement.)

Tuesday: Sheila did a science session about fireworks and followed this with playing boccia in PE.

This term in Yoga we are linking asanas ( poses) to form a flowing sequence. This week we went from dog into sun and it was a great session.

What I have been hearing about ...

*FOLS have cancelled the Christmas Fayre. Sorry if you were looking forward to this or had started to make things for us. They will try to organise a coffee morning during December instead.*

*Lots of clothing/towels etc un-named. Please can you make sure all items are name labelled—pen is fine. Thanks. If you haven't returned reply slip for swimming or horseriding please do by Monday. Thanks.*

In the afternoon we practised drawing skills with savoury sauces—bit smelly!! But good focus. We also had a moment of quiet while watching poppies falling in attention Art. Thursday: In Maths lots of using £1 coins to make dice patterns, matching and to pay for spins—great fun! Softplay was good and busy too. In the afternoon we made hot chocolate. This morning we have been for a walk and kicked leaves in the park. This week we celebrate: Brilliant swimming—Tom \* Great yoga—James \* Brilliant transitions and eating - Brandon\* STAR OF THE WEEK : Rossi and Tom for superb yoga!
