

Newsletter created by Sue Eyers - Forest School Lead

20th November 2018

This was Peacock's 3rd session "Living Things"

The group started the session by briefly finding out what happens in the story "We're going on a Bear Hunt" they then acted out the story using the props on offer. After the story they had some free time to play with the water, mud and leaves before looking for mini-beasts. The supporting adults put the insects into petri dishes where the students could look at them using magnifying glasses. Some of the students chose to handle the worms. It was then time for more free time activities before returning to class.

We're going on a Bear Hunt, through the . . .

long grass

river

mud

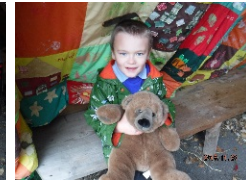

forest

snowstorm

cave

to find the bear!

Looking for mini-beasts

Free time activities
