

TERM 3
WEEK 4
01.02.19

Peacocks

Peacocks

We are asking for £1.50 each week for class funds this term. We are walking to the local shops each week to buy resources to use in class. We rely on your donations to be able to enrich your children's learning and appreciate your continued support. Thank you to all of you who have contributed, it is greatly appreciated. 😊

This week's Star of the Week
is...Dylan

Next Week

MONDAY:

Swimming – Please make sure a full swimming kit is sent into school.

Please can you write a brief description (One page) of something your child has done over the weekend in their 'Communication Book'. We will use this on Monday mornings as a prompt for our communication sessions

WEDNESDAY: Trip to shops.

FRIDAY:

PE – Please make sure PE kits, including trainers/daps are sent into school. Thank you 😊

Have a lovely weekend!

The Peacocks Team 😊

OUR LEARNING THIS WEEK

This week we went to Home Bargains to find healthy snacks to eat at break time. We found out that a lot of the foods we thought were healthy actually had lots of sugar or salt in them!

We have been solving real life adding and taking away problems in maths, as well as practising counting our numbers. We are getting really good at using our tens frames to help us.

In Science learnt about night and day, and thought about what we do at different times of day.

In PE we are doing circuits of different activities, from balancing on beams to using gym balls.

Miss B's baby has arrived and she has had a little girl! Maggie was a healthy 8lb 5oz. Mummy and baby are both doing well 😊
