

# Parrots Newsletter

## 23/4/19

This week in Parrots class we celebrated Kim's Birthday. The class gave her lots of lovely gifts for her special day.

<< In Motor skills Aaron constructed lots of fantastic towers using the wooden blocks. He completed this independently! Great work 👍

In Maths and DT we worked with non standard measurement to find out lots of different lengths using objects such as pens, vegetables and blocks

In the Hall we were exploring art through the story of The Enormous Turnip. There were lots of different activities using different textures and resources.
