

News Letter created by Sue Eyers - Forest School Lead

18th June 2019

This was Bluebirds 3rd session and they are continuing to explore "Early Forest". Birdsong was being played in the classroom as an introduction to the start of the session. The weather was unkind to us once again, the group had to stay inside. They listened to rain sounds and felt a fine mist of water spray on their face and hands. They also listened to the sound of the wind blowing the trees and they felt the air on their face from the electric fan. The students were supported to feel the textures and smells of different coloured leaves and herbs (fennel, lavender and lemongrass) collected from the school Sensory Garden.
