

Owls Newsletter

7/6/19

Hello Everyone,
 Owls have enjoyed the sunshine when it appeared and Palmer Garden Centre was a great place to sit outside and practise the skills of independence and communication. We made fantasy pizzas and the most difficult skill of assembling was being worked on. Owls are always keen to explore ingredients and eat the end product but taking a full part in assembling without eating and waiting for the result to be cooked are all important skills that we are working on. The pizzas weren't conventional as we used barbeque sauce, banana and pineapple. All Owls attended brilliantly to all the processes and I hope that is evident from the photographs!

Coffee morning next Friday 9:45-11:30am if you would like to join us would be great to see you all.

Have a great week end.
 Janine and Owls Team
