

### **An EXCITING OPPORTUNITY to be part of the future of Special Needs Education**

On 1st September we formed as a new maintained special school with a single leadership team working across all three sites of St Nicholas, Rowdeford and Larkrise schools.

This is an exciting opportunity for a Teaching Assistant to join the newly formed North Wiltshire School at the start of this new venture. We have an ambitious vision to create a truly integrated and inclusive system of outstanding education for all children and young people with special educational needs and disabilities (SEND) in Wiltshire. Wiltshire Council are investing in a £33 million new build at one site to create a state of the art centre for SEND education, health, care and training across 4-19 focusing predominantly on pupils with complex SEND.

Our inclusive System of Excellence will seek to re-balance and improve educational provision for all children and young people with SEND, including those currently in mainstream schools and resource bases or in other alternative provision. Offering local, community based SEND provision across a wide area from its new inception. It will also deliver high quality training and expertise to a wide range of SEND settings across the county.

If you are a dynamic and inspirational Teaching Assistant with a passion for SEND education and are looking for a new challenge and to be part of something new and exciting, we would love to hear from you.
