

BLUEBIRDS NEWSLETTER

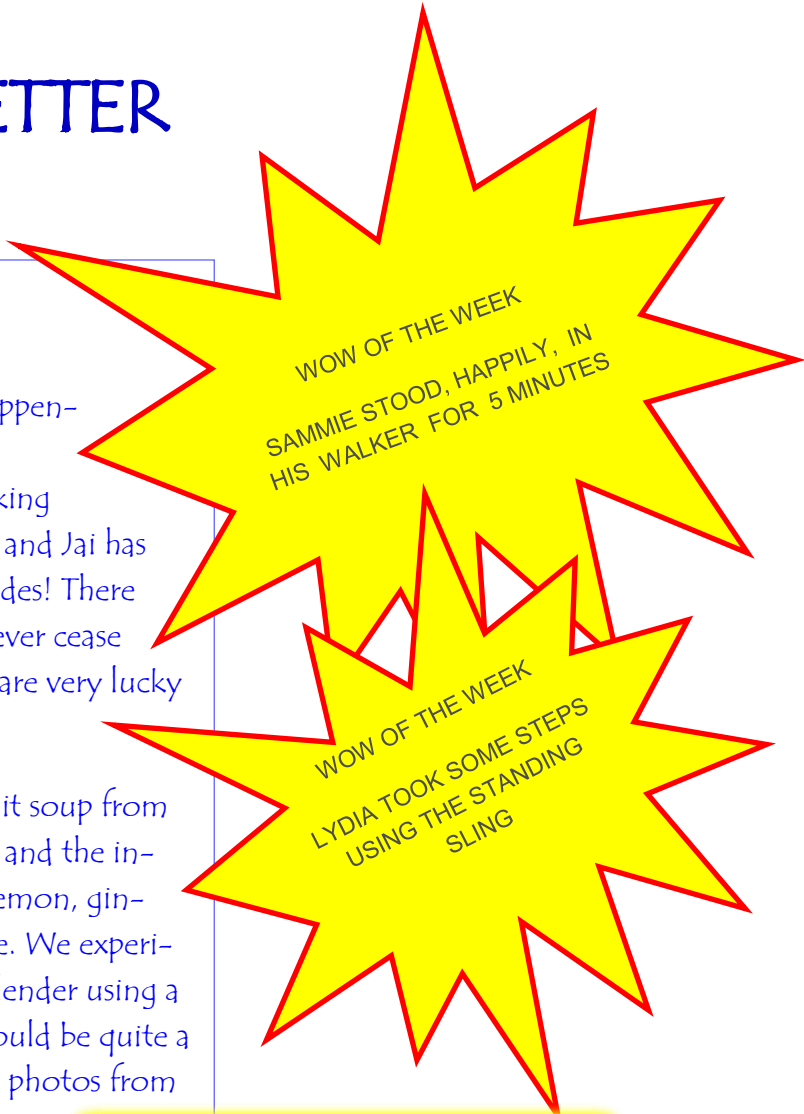

4 MARCH 2016

DEAR PARENTS & CARERS

We have had a week full of wonderfully amazing happenings—Sammie stood, happily, for 5 minutes in his walker, Lydia took some steps using a standing/walking sling, Priya did some great walking using her walker and Jai has done some fantastic standing. And much more besides! There are WOW moments every day and your children never cease to amaze us with their reactions and responses. We are very lucky indeed to be with them on their Learning Journey.

In Food Technology this week we made another fruit soup from Jamie Oliver's book. It was 'Ginger Tea and Mango' and the ingredients were frozen mango, ginger tea (we used lemon, ginger and Manuka honey tea), turmeric and lime juice. We experienced each ingredient and then whizzed it up in a blender using a Power Link switch. It was very tasty and we felt it would be quite a good soup to have this time of year. Here are a few photos from

our week.

Have a great weekend, from Mandy, Karen, Tracey, Sharon, Emma,
