Thursday 24th
Break Up for
Easter @ 2pm.

Easter

We have been learning about Easter. Last week we talked about it being a celebration and talked about other things we celebrate in our lives. This week we listened to the first part of the story. We found out about the cross and looked at some crosses. Then we wrote about the story. Finally we enjoyed eating some hot cross buns.

Next week we will find out why Easter is a celebration.

Geography - land & sea.

This week we looked at Google Earth and Globes to find land and sea. Using playdough we have been making land and sea on a world map. We have also been exploring water in different ways.
