4th November 2016

Dear Parents,

Welcome back to the beginning of Term 2. We have started off working really well this term and everyone is having a fun time.

There are a number of new things happening this term as, dare I say it, make our way to Christmas.

This term we are starting science as a discrete subject. Our focus is Habitats and we have already got to off to a good start.

We will be going out to the museum each Tuesday and our community days each Wednesday so please ensure your child is sent in with good shoes and coats for the activities.

This term we will be doing some festive cookery, which the children are really looking forward to.

Class funds is still £2 per week but this covers all cooking ingredients, drink (squash, tea, coffee, hot chocolate) and additional snack that we need to get us through the cold days ahead.

Many thanks, Anne
