# Toucan's

## Southwick Country Park

We had a great time on Thursday at the Country Park. First of all we walked around the park followed by a snack and drink in the café. The student's then had a fun time feeding the animals and playing in the play areas. We then enjoyed having the picnics that we had chosen and made. Finally we played some more and finished the afternoon with an ice lolly.

It was a super day and all the Toucan's were fantastic.
