Dear Parents and Carers

It's been a really good week. The children, as always, have been absolute stars. They are truly amazing.

We have been very busy and trying to get used to our new timetable which I think is going to be a bit of a challenge at times, but a whole lot of fun too.

Today has been a day full of visiting professionals such as the Physiotherapist and the Occupational Therapist as well as the VI chap and it was the Wheelchair Clinic too!!

This afternoon we had the most wonderfully relaxing time with some Eastern Tranquility music, dimmed lights, fibre optic spaghetti lights and hand and foot massage. Our classroom was a haven of peace and calm.

We have made it to the pool again this week and realistically we think we will be able to have a session for every child at least once every other week.

Oh yes, we also had fun doing our version of a dance routine and the Hokey Cokey in our PE lesson on Monday morning.

Enjoy your weekend.
