

21<sup>st</sup> September

Hello!

A big THANK YOU to those of you who sent in contributions for our Harvest Assembly. All the food that you donated will go to a local food bank to help feed vulnerable families – so thank you very, very much for your support.

It was a lovely Harvest Celebration – the Rev Rob Thomas from St James' Church in Trowbridge came and led the service, which was very lively and full of fun! Robins Class made bread for the occasion, which was very well received and greatly admired – but not widely tasted by anyone at all! Some of the children had chosen to make their bread into animal shapes such as a turtle and a cricket, which, I thought was especially impressive, so well done Robin Class on such a great Harvest Celebration.

As well as the Harvest, we have also been thinking about 'Ourselves'. We had fun thinking about our tongues and the fabulous job they do at tasting all kinds of different foods. We sampled jam and golden syrup and chocolate spread and chocolate buttons and butterscotch Angel Delight. It was a very delicious (if slightly sticky!) afternoon and the children absolutely all agreed that the chocolate buttons and the chocolate spread were the most yummy things of all and that the jam was the yuckiest taste of all... Personally, I am a very big fan of butterscotch Angel Delight, but I have to agree that chocolate is the scrummiest thing of all time!

Finally, Karolina, our Admin Assistant, is currently updating student records regarding allergies and dietary requirements. If your child has an allergy or a specific dietary requirement (such as requiring gluten free or blended food) then please let Karolina know ASAP, or pop a note in the Home School book and we will pass the message on. Thank you!

Wishing you all a wonderful weekend!

Rachel ☺
