

Wrens Newsletter
Friday 5th October 2018

Dear Parents,

We have had a super week in Wrens! This week we had great fun exploring a giant pumpkin! We scooped out the middle and played with all the seeds.

The children have been really interested in mark making and have been making lots of patterns and shapes with their writing. We would love to hear and see any mark making the children do at home.

In Wrens we use lots of sensory materials for the children to explore. We use class fund to support this and are asking families for a contribution of £10 per term towards this. We also use the money to buy ingredients for cooking and food tasting.

Flu vaccinations and school photographer next Friday. We will make sure the children have their photos taken before they have their injection.

Don't forget to email or send in family photos for our topic about 'Ourselves'. My email address is Rachelbell@larkrise.wilts.sch.uk

Have a lovely weekend!
Wrens Class Team
