

13th November 2018

This was Peacock's 2nd session "Early Forest"

They started the session by having free time to play with the sand, water and soil before listening to the story "Tap the Magic Tree" where they joined in with the actions and selected the correct coloured Autumn leaves on offer to match those in the story. The group went onto create their own Autumn picture using some of the leaves they had collected in the garden. It was then time for free time activity choosing.
