

News Letter created by Sue Eyers - Forest School Lead

14th May 2019

This was Finches 3rd Forest School Session and they re-revisited "Living Things". We went on an "Eye Spy with my little Eye" walk through Paxcroft Mead where they were supported to look for natural objects that felt rough, smooth, soft and prickly. They also looked for dogs, birds and butterflies. We returned to school with the objects that they had collected, which we looked at again describing their textures.
