OUR LEARNING THIS WEEK

This week we have got back into the routine of walking to the park. It has been lovely to see how nicely all the children play with each other, taking turns and helping each other. There were other children in the park and I was very proud of how Peacocks interacted with them. Well done, Peacocks.

We have planted a 'magic beanstalk' each and they are already beginning to emerge from the soil. It will be exciting to see how big they grow over the next few weeks. We have also set up an experiment with cress to see what plants need to grow.

PE has now changed to Thursdays and we have Helen Drew taking them outside for athletics this term.
