This week our life skills group learnt about teeth and eating healthy to keep our teeth healthy.

Some of us went to church for the Christingle Service and some of us celebrated in the school hall. Both services were lovely. We have been practicing our Christmas song in readiness for the Christmas Performance.

This week our KS4 group have been continuing to learn about electricity and dangers of electricity. We identified the dangers in the kitchen and made a checklist. We also did travel training to know how to cross a road safely. In information technology we continued to research people that help us in the community. We also enjoyed our visit to the farm this week thinking about how to behave around animals.
